

# Ade power ltd Chad

What can Ade power do for You?

Acoustic, Modular, Switchgear, Data Centres, Offshore, UPS, Generators, Protection & Relay Rooms... & more. ADE Power set the global benchmark with a market-leading range of power generation, control & distribution solutions along with bespoke containers, modules & enclosures built to meet a wide-range of restrictions.

Who is responsible for Ade power project management?

As part of the ADE Power commitment to delivery and cost, every ADE Power project, irrespective of scale, will be directed by one or more of our dedicated project managers, who will oversee it from proposal to delivery.

What makes Ade Power Limited unique?

ADE Power Limited employs a quality-centric culture based on awareness, transparency, responsibility and commitment, covering every aspect of our business.

What makes Ade power a good company?

ADE Power believe in transparency and effective communication, which pulls us all forward together as one team. By following these simple principles, we believe our success will take care of itself. We pride ourselves at operating at the highest level of business ethics and integrity.

Why did Ade move to a second facility?

The business moved to a much larger facility where the company had scope to continue its rapid growth. Due to continued growth in projects and especially switchgear enclosures, ADE required a second facility to keep-up with the relentless production rate. ADE invested in a second facility in Yorkshire, UK.
