

Cadenza company Senegal

Who is Cadenza Innovation?

Cadenza Innovation Inc. is an American developer and designer of lithium-ion battery technologies and energy storage solutions. The company was founded in 2012 by inorganic chemist and battery researcher Christina Lampe-Onnerud. Cadenza licenses its lithium ion cell architecture to global manufacturers for various energy storage applications.

What makes Cadenza Innovation unique?

Cadenza Innovation offers unique cell designs that combine the best properties from wound jelly rolls and large prismatic cells. This allows for game-changing safe, reliable, high energy density solutions at low cost for EV, PHEV, energy storage, telecom, and other specialty markets.

What is Cadenza?

Cadenza is a company founded by Dr. Christina Lampe-Onnerud, a pre-eminent battery expert in the world and former CEO of Boston-Power that focuses on innovation and deep battery industry experience.

Where is cadenza headquartered?

The corporate headquarters is located in Danbury, Connecticut inside The Summit at Danbury office complex. In 2021, Cadenza announced a partnership with Rockwell Automation to establish high performance battery cell production lines.

What is Cadenza Innovation's supercell battery architecture?

Cadenza Innovation's supercell battery architecture is designed to stop propagation during thermal runaway. The design of the batteries combines properties from wound jelly rolls and large prismatic cells to form highly dense lithium-ion battery structures.

Who makes cadenza batteries?

The company's most significant partnership to date, however, was announced in September with Shenzhen BAK Battery Company, one of the world's largest lithium ion battery manufacturers. The companies announced BAK would begin mass producing batteries based on Cadenza's supercell architecture in the first half of 2019.

Cadenza is developing batteries that come in much larger sizes, and can be used to provide power to cars and buildings. Lowering the cost of a large battery system is another key issue the...
