

Can the trunk storage box be modified

What makes a good trunk?

A good trunk can solve a lot of your storage issues. If it's housing smaller items, it might be a good idea to have storage within storage with internal boxes to organise things. In terms of the exterior, we have painted and plain trunks which will either make a statement or fade gracefully into the background.

Do you need a storage tray under the hood?

Since there is very little heat created under the hood, a purpose-made or modified storage tray is a practical addition that frees up a lot of storage space below the rear deck lid. With the deck lid removed, the trunk can easily hold twice as many bags or more of groceries. Bugblndr likes this.

Should I add a storage tray to my car?

There has to be a showing of causality between the added part and the defective part, otherwise the warranty remains intact. Since there is very little heat created under the hood, a purpose-made or modified storage tray is a practical addition that frees up a lot of storage space below the rear deck lid.
