The future of energy today. We specialize in importing and distributing premium automotive and commercial batteries within Sub Saharan Africa. Deltron Batteries are manufactured to meet the highest level in European manufacturing standards.

At the same time, Laos faces a number of challenges. For one, the lack of concrete legislation has deterred some potential investors. I also chair the Lao National Assembly of Commerce, which is concerned about energy security, especially as Laos haven't established an energy security policy.

Lao PDR's Energy Demand As shown in Figure 1.1., electricity will have the largest share in the final energy consumption of Lao PDR by 2050 under both the baseline and carbon-neutral scenarios. Electricity's share is expected to increase from 13% in 2017 to 42% or 43% by 2050. Oil and biomass would remain dominant fuel sources in 2050

Deltron is American leading global brand in power systems and renewable energy solutions market manufacturing facilities in Houston-Texas, Hong Kong, Turkey, and Israel.
