The Gambia, on behalf of The Gambia Government, introduced a bi-weekly tender system for treasury bills. This, it was hoped, would enhance the role of market forces in the determination of interest rates. Under the bi-weekly tender system, Government Treasury Bills are auctioned twice a month at market determined interest rates.

Starting at 1 tonne per hour we can build systems up to multiple tonnes per hour. Our unique horizontal ring die mill is the most cost effective and efficient pellet mill in the market place today. Typical cost of production is as low as 5 -15 USD per tonne - that includes labour, electricity and all wear and tear items!
