

Energys genesis Slovakia

Who is the CEO of EnerSys?

The president and CEO as of 2024 is David M. Shaffer. EnerSys produces reserve power batteries, marketed and sold principally under the Alpha, PowerSafe, DataSafe, Hawker, Genesis, ODYSSEY and CYCLON brands.

Does EnerSys sell batteries?

EnerSys also manufactures and sells related DC power products including chargers, electronic power equipment and a wide variety of battery accessories. Their battery products cover a broad range of sizes, configurations and electrical capabilities. EnerSys, in 2000, acquired Yuasa's industrial division. The Hawker Group merged with EnerSys in 2002.

What is a Genesis Xe battery?

Genesis XE batteries are manufactured with Thin Plate Pure Lead (TPPL) technology, packing enormous power in a smaller footprint, making them ideal for custom applications where space is of the utmost importance. Genesis XE batteries are found in alternative energy applications such as solar and wind power, and Hybrid Electric Vehicles (HEV).

What industries did EnerSys acquire?

These industries include medical, aerospace and defense systems. With the Alpha acquisition, EnerSys expanded its portfolio to become a fully integrated DC power and energy storage system and technology provider for broadband, telecom and energy storage systems.

When did EnerSys acquire Yuasa?

EnerSys, in 2000, acquired Yuasa's industrial division. The Hawker Group merged with EnerSys in 2002. In 2002 EnerSys acquired Energy Storage Products Group of Invensys for \$505 million. Acquired in 2011 in the United Kingdom. Acquired in March 2011 they made Lead and Nickel based batteries for motive and reserve power markets in Greece.

Did EnerSys buy Alpha technologies?

On December 10, 2018, EnerSys completed its acquisition of the Alpha Technologies Group of companies, Alpha Group. "EnerSys to Join S&P MidCap 400; Wabash National to Join S&P SmallCap 600"

Genesis NP Las baterías Genesis NP cuentan con rejillas gruesas y robustas de plomo-calcio para ofrecer un rendimiento fiable durante años. Su diseño de alta densidad energética, su carcasa sellada en fábrica y su construcción a prueba de fugas garantizan que estas baterías selladas de plomo-calcio recargables sean extremadamente fiables y casi no necesiten ...

Genesis®; NP Genesis ®; NP batteries feature heavy-duty thick lead calcium grids for years of dependable performance. The high energy density design, factory sealed case and leak proof construction ensures that these rechargeable sealed lead acid batteries are extremely reliable and virtually maintenance-free.

Energys jest światowym liderem w dziedzinie akumulatorów, prostowników i akcesoriów do zastosowań trakcyjnych, rezerwowych, lotniczych i obronnych. Zamknij ... NexSys®; Odyssey®; Battery PowerSafe®; DataSafe®; IRONCLAD®; Cyclon®; Hawker®; SuperSafe®; Genesis ...

Today, Genesis EP TPPL technology can be found in applications as diverse as electronics, medical equipment, telecommunications, lawn and garden equipment, computer backup and UPS applications. the TPPL technology allows the battery to pack more power into a smaller footprint.
