

Why is Norway a good choice for solar energy solutions?

This has led to Norway to become an expert in devising solar energy solutions for out of the way places. Safedesign has designed a rooftop safety system that eliminates the need for scaffolding and makes solar panels more affordable. Industry was also bitten by the solar energy bug.

Is solar power a viable option in Norway?

Norwegian hydropower is currently so cheap that power companies do not consider it attractive to build solar power plants in Norway. In recent years, however, companies have started selling or leasing solar systems to private customers and businesses in Norway. Despite the low energy prices, solar power is growing rapidly in Norway.

Why is solar power growing in Norway?

Despite the low energy prices, solar power is growing rapidly in Norway. In 2016 four times as much capacity was installed as the year before, mostly on commercial buildings and private homes connected to the grid. Norwegian companies are also important players in the production of crude silicon and silicon wafers for the solar cell industry.

Does Norway offer financial support for solar projects?

Many Norwegian policies, like Enova and Skattefunn, offer financial support schemes, according to certain rules. For example, Enova provide financial resources for solar installations in private houses, while in bigger projects an innovative technology should be involved in addition.

Does Innovasjon Norge support solar farms?

Moreover, Innovasjon Norge is considered to potentially support solar farms, while support from municipalities, like Oslo municipality, could provide support for commercial buildings. The level of experience in companies and their focus on product development might attract certain financial support.

Is solar energy the cheapest source of electricity in Norway?

Large cost reductions have led solar energy to become the cheapest source of electricity in many countries, with large expectations for future growth (IEA, 2020; IRENA, 2021). What does this mean for Norway?
