

Isun company Montenegro

Who is iSun for?

iSun helps everyone - from individuals to utility companies- adopt efficient,clean energy technologies. Whether by developing innovative EV charging solutions,installing custom solar arrays,or managing completed projects or installations,we help our customers make the right investments for their energy needs.

Who are The iSun subsidiaries?

The iSun subsidiaries include SolarCommunities,which does business as SunCommon,the solar panel installer based in Waterbury. iSun is the former Peck Electric,which has grown into a firm that reported to VermontBiz in 2023 that it has 275 employees on \$95.7 million in revenues.

Does iSun have a board of directors?

The existing iSun Board of Directors will remain as currently established. B. Riley Commercial Capital,LLC provided a \$10 million secured loan to the Company,which allowed the Company to take advantage of its low debt to equity ratio and preserve shareholder value for the transaction.

What makes iSun unique?

iSun is more than just a solar company. For over 50 years, we've built the things required to advance the adoption of new technology...and have done the hard work necessary to make innovation commonplace. Of all the innovations we've enabled, none have been as important as the transition from dirty to clean energy.

Is iSun a publicly traded stock?

Williston-based iSun Inc filed for Chapter 11 bankruptcy on Monday,June 3. Also,the SEC delistediSun as a publicly traded stock. This comes after a significant financial loss in 2023,multiple shakeups in leadership in April,which included the hiring of a restructuring officer,and the canceling of a reverse stock split.

What happened to iSun energy?

Recognizing the opportunity presented by vehicle electrification,The Peck Companyacquires iSun Energy,an innovative manufacturer of branded,solar-powered carports capable of providing off-grid EV charging solutions. The Peck Company rebrands as iSun. Original Clean Energy purchased iSun and took the company private.
