

Johnson energy storage inc Syria

Who is Johnson energy storage?

Johnson Energy Storage Inc., a battery manufacturer founded by Super Soaker inventor Lonnie Johnson, raised nearly \$2.5 million of a \$3.8 million, according to an SEC filing. The company makes lithium-ion batteries for electronics that require power storage.

What happened to Suncor Energy in Syria?

**Canada's Suncor Energy Inc suspended its Syria operations in 2011. Its primary asset is the Ebla development located in the Central Syrian Gas Basin covering more than 300,000 acres (approximately 1,251 square kilometres). The gas field was producing 80 million cubic feet of natural gas per day.

Why did a tanker carry Iranian oil to Syria?

LONDON, Dec 9 (Reuters) - A tanker carrying Iranian oil to Syria turned round in the Red Sea to head away from its original destination after the fall of Syrian President Bashar al-Assad. Syria's 13-year civil war crippled the country's energy sector, making it highly reliant on imports from Iran. Below are facts about Syria's energy sector.

How much oil does Syria produce a day?

**Prior to sanctions, Syria produced some 383,000 barrels per day (bpd) of oil and liquids, according to previous analysis by the U.S. Energy Information Administration (EIA). **Oil and liquid production fell to 40,000 bpd in 2023, according to separate estimates from the Energy Institute.
