Stora Enso Oyj's Annual General Meeting was held on 20 March 2024 at Marina Congress Center in Helsinki, Finland. The AGM adopted the accounts for 2023, adopted the remuneration report for 2023 through an advisory resolution and granted the Company's Board of Directors and Chief Executive Officer discharge

from liability for the period.

Sylva is Stora Enso's range of engineered and prefabricated products in massive wood comprising pre-manufactured, custom-made applications delivered just-in-time to the building site. This solution enables faster construction, reduced costs, more efficient use of raw material and fewer emissions than concrete or steel.

Stora Enso Part of the global bioeconomy, Stora Enso is a leading provider of renewable products in packaging, biomaterials and wooden construction, and one of the largest private forest owners in the world. Stora Enso has approximately 20,000 employees and our sales in 2023 were EUR 9.4 billion.

The Stora Enso packaging development and design team can help you make the shift to renewable packaging so you achieve your sustainability goals. We can also help you rationalise your production operations, save emissions in operations and logistics and establish new processes to streamline your business.

The poor outlook in the construction sector, weighed down by the high interest rates, has hit demand for Stora Enso's wood products. In June, Stora Enso announced the closure of four of its European sites and layoffs of 1,150 employees.

By leveraging the renewable potential of trees, we are finding ways to phase out fossil-based materials. Wood foams by Stora Enso is a revolutionising way to keep your products safe - and your packaging sustainable. Wood foam by Stora Enso is the result of our love for trees - and a strong determination to end fossil dependency.

For Stora Enso, certifications form a crucial part of our sustainable forest management. 99% of lands owned and managed by us are covered by certification: this means our own forests in Sweden; Tornator's (41% Stora Enso ownership) forests in Finland, Estonia, and Romania; as well as our joint-venture plantations in South America.

Luxury group LVMH has a long heritage of delivering products that come with memorable unboxing experiences. By choosing Ensocoat by Stora Enso for the packaging of Givenchy's new fragrance, LVMH ensured that every aspect of the product, in terms of appearance, stiffness and haptic quality, would meet the highest standards.
