

Will Elon Musk reshape the energy grid?

Here's how. Elon Musk has a radical plan to reshape the energy grid-- and it could protect against power cuts. During Tesla's first-quarter 2021 earnings call Monday, the CEO described how the firm's solar panels and batteries can work together to "operate as a giant distributed utility."

Did Elon Musk talk about Tesla's next-generation cars?

CEO Elon Musk mentioned how Tesla's next-generation vehicles will contribute to the company's overall goal, but rumored updates to the Model Y and Model 3 were not directly discussed. Tesla held an Investor Day event today in Austin, Texas, hosted by CEO Elon Musk.

Why did Elon Musk give a Tesla Investor Day presentation?

That's not the way most automotive company investor presentations start, but that was the early message from CEO Elon Musk during Tesla's Investor Day presentation today in Austin, Texas. The event was billed as the third of Musk's long-term strategy outlines for the automaker, the next Tesla Master Plan.
