

Discover the excitation systems revamping solutions of Nidec Conversion for large thermal and hydroelectric power plants and out more. [en](#) ; [fr](#) ; [de](#) ... Nidec Industrial Solutions brushless excitation system is designed and developed to seamlessly integrate into any facility and can work with any pre-existing technology to enhance availability ...

When you power up an AV45, the green light tells you the digital self-tuning has set your encoder for optimal signal output. If at any time, the AV45 cannot produce ideal incremental quadrature signals, the light changes to red, and the remote alarm contact activates. However, the encoder keeps working to give you time to schedule service.
