Non-destructive fixed solar bracket for tile houses

Are solar roof tiles a good choice?

Solar roof tiles are undeniably the most attractive way of incorporating solar PV into a roof, and are a great product to use on high-end building projects. Solar roof tiles are simple to install and can be installed by a conventional roofer.

Can I mount a solar panel on a narrowboat?

If you live on a boat,take a look at the special,heavy-duty tilting adjustable sets for narrowboats. All PV roof type mounting kits in stock for any sized solar panel,or any type of roof. From pantiles,concrete or roman tiles,or slate on a house roof,to corrugated or flat roof mounts - we have a solar pv mounting solution.

Are solar roof tiles expensive?

Solar roof tiles are simple to install and can be installed by a conventional roofer. However,because they are a more bespoke product,the cost is currently 2-3 times that of a regular solar module system,and if price is a concern you may wish to look at in-roof solar panel mounting systems instead.

Can solar panels be installed on a flat roof?

Flat roof solar panel mounting systems require a specific approach. To install solar PV on south facing flat roof we would use a ballasted system. This means the roof is not penetrated (which would let in water on a flat roof),and the system is unable to be lifted or tipped over by the wind.

How do you install solar PV on a tiled roof?

So here's our guide to trusted mounting solutions for all different roof types. To install solar PV on tiled roofs, our installers slide up the tiles to reveal the wooden roof joists underneath. A U-shaped hook screws into the joist, and the tiles slides back down over the hook - once again making the roof completely waterproof.

What types of solar Mounts do you offer?

From any tile (such as concrete, flat, roman pantiles or slate), to corrugated or trapezoidal: we have a roof solar mounting kit to suit. Our ground solar mounts with triangular frames, also double-up for use on flat roofs too. If you live on a boat, take a look at the special, heavy-duty tilting adjustable sets for narrowboats.
