Part of Al Bahja Group, established in 1947. Mainly in manufacturing and allied activities. OMAN SOLAR SYSTEMS CO. LLC OMAN SOLAR SYSTEMS CO. LLC

Why is solar energy important for Oman?

Solar energy is a vital and strategic solution for the provision of electric power in the Sultanate of Oman, given its vast unused land and available solar energy resources. This makes Oman an excellent potential candidate for solar energy development and deployment.

Should Oman invest in solar energy?

Oman has consistently clear skies and has some of the best conditions in the world to take advantage of solar energy. In the quest to reduce the reliance on gas and oil for generation, many commentators feel the Sultanate should be far more proactive in fostering and developing its renewable energy resources.

Who owns the first utility scale solar plant in Oman?

The first utility scale solar plant in Oman, Amin IPP, is owned by Amin Renewable Energy Company. It has a total capacity of 125 MW and started commercial operation in Q2 2020.
