What is a PV AC combiner box?

The new PV AC Combiner boxes have been designed for PV systems with string inverters in trackers or fix tilt systems. The product portfolio is suitable for inverters from 60 kW up to 200 kW and support voltages of 400 V, 690 V or 800 V AC. The combiner boxes allow to collect from 2 up to 6 string inverters in one single cabinet.

What is a PV next combiner box?

Our flexible and compact PV Next combiner box was awarded the German Design Award 2023 in Gold. The modular design, the safe thermal and mechanical functionality of all components and the flexible connection types are just some of the advantages that make installation, maintenance and monitoring with PV Next easy.

Does ABB offer prewired solar combiner boxes?

ABB also offers prewired solar combiner boxes with not only string protection, surge protection and disconnection but also with additional monitoring devices. The monitoring device CMS PV collects all main information such as string current, voltage and temperature in one device.

What is a DC combiner box?

Our DC combiner boxes offer users the possibility to integrate short-circuit and overvoltage protection, as well string monitoring solutions (I, V, T and SPD and switch isolator status), for PV systems using central inverters with PV panels in trackers and fix tilt systems.

How does PV next protect the PV system?

PV Next protects the PV system against overvoltages and short circuits and also offers the option of combining strings. The various designs are done to protect all string inverters available in the European market. Find the matching combiner box for the most common inverter types below or find more variants in our Combiner Box Product Selector.

How many string inverters can a combiner box collect?

The combiner boxes allow to collect from 2 up to 6 string inverters in one single cabinet. They withstand ambient temperatures from -20 up to +50°C to operate in hardest climate conditions, fulfilling the highest market standards as per IEC 61439-2 ed 3.0:2020.

6 String PV Combiner Box with 6*10A Circuit Breakers for Solar Panel System. 6 reviews. €104.99 - €169.99. save 38%. Shipping calculated at checkout. SKU: L03040401016-1. Obtain: 104 points. 6 String Configuration, Max current of ...
