

Why should Tajikistan invest in hydropower?

Tajikistan's geographic proximity to some of the world's fastest-growing energy markets means that investing in developing its hydropower potential can contribute to regional energy security and the clean energy transition, in addition to addressing Tajikistan's high vulnerability to climate change and natural disasters.

Why is electricity important in Tajikistan?

Electricity is an integral part of Tajikistan's economy, and providing a clean, affordable and secure supply of electricity has been of paramount importance for the government since independence. Despite its energy potential, Tajikistan's energy sector is susceptible to supply shocks.

Why should you choose Nordex group?

The global trend toward renewable energy is moving forward - and the Nordex Group is an essential part of this. Our focus is on making renewable energy as cheap as possible, and that means to continuously reducing the cost of energy (COE) from newly-installed wind power turbines.

What are the energy policy priorities in Tajikistan?

Energy policy priorities in Tajikistan are aimed primarily at alleviating annual winter shortages and providing the population with uninterrupted access to energy. The country's approach to its energy crisis has been variable, depending on the political situation and relationships with its neighbours.

Who makes Nordex wind turbines?

Since the merger with Acciona Windpower in 2016, the Nordex Group has become a global player and one of the world's largest wind turbine manufacturers. The Group offers highly efficient and competitive wind turbine systems, which enable long-term economical power generation from wind energy in all geographical and climatic conditions.

What is IEA's energy sector review of Tajikistan?

This International Energy Agency (IEA) energy sector review of Tajikistan was conducted under the auspices of the EU4Energy programme, which is being implemented by the IEA and the European Union, along with the Energy Community Secretariat and the Energy Charter Secretariat.
