Who is franklinwh energy storage?

FranklinWH Energy Storage, Inc. is a newcomer to the United States residential battery market. The company was founded in 2019 and is currently headquartered in San Francisco, CA. Before the FHP system, the company was mostly involved in creating power electronics for the utility-scale market.

Is the Franklin home power system a legitimate 'whole home' backup system?

In 2022, FranklinWH unveiled its flagship product - the Franklin Home Power (FHP) system - and immediately piqued the interest of installers and homeowners searching for a legitimate "whole home" backup solution. In this article, we'll put the FranklinWH Home Power system under the microscope, focusing especially on:

Where can I buy Franklin WH?

FranklinWH is available in distribution via BayWa r.e., Greentech Renewables, Inception Energy, Fortune Energy, The Power Store, Van Meter, Inter-Island Solar Supply, R&R Solar Supply, and SolWel. FranklinWH's ascent in home energy storage is due to its flagship system, Franklin Home Power (FHP), which is more robust than a typical ESS.

It also encourages the installation of renewable energy systems, reducing the demand for fossil fuels and greenhouse gas emissions. Property Assessed Clean Energy (PACE) Financing. PACE financing is a unique option for homeowners installing energy-efficient upgrades, including home energy storage.

By integrating these systems with home energy storage systems, homeowners can gain greater control over their energy usage and save money on their energy bills. Several companies are now offering integrated home energy storage and management systems, including FranklinWH, which offers its Franklin Home Power (FHP) system.
